

PLUGS[®] MEMBER BENEFITS

The Power of the PLUGS[®] network: Connect with members via the PLUGS website Discussion Forum or direct messaging options.

The Power of the PLUGS[®] Network

THANK YOU TO OUR SPONSORS AND PARTNERS:

Member Resources: Your PLUGS membership gives you and your colleagues access to practical laboratory stewardship tools and guidance.

- **Website:** access policies, procedures, templates and archived webinars on the website, with new tools added on a regular basis.
- **Online Discussion Forum:** an open [forum](#) for questions and dialogue among members.
- **Weekly Newsletter:** notifications regarding educational events, laboratory stewardship cases and questions of the week, and unlimited subscriptions for your organization.
- **Sub-committees:** Join the PLUGS Insurance Alignment Committee or the Formulary Committee. Contact [PLUGS](#) to learn how you can participate!
- **Office Hours:** a team of lab genetic counselors and doctoral-level consultants is available Monday – Friday, 8:30am - 4:30pm (PT) to provide real-time support (206-987-5400).
- **Consultations:** new member strategic assessments to provide a 1-year road map and practice tools/support for advancing your laboratory stewardship program, and re-assessments for existing members interested in continued improvements/advice.
- **GeneTestAdvisor:** PLUGS[®] and Metis Genetics have joined together to create a genetic testing [case management solution](#) to support healthcare systems and insurance payers in effectively administering their genetic testing caseload.

Upcoming Educational Events: PLUGS members receive discounted registration.

- **PLUGS Virtual Fall Summit 2020:** November 5-6, 2020. Join us for the first Virtual Summit focusing on two current topics, pharmacogenomics and COVID testing. [Register now!](#)
- **PLUGS Annual Summit 2021:** June 24th – 26th, 2021 in Seattle, Washington. [Abstract submissions are open!](#)

PLUGS® 2020 YEAR IN REVIEW

Stay connected!

Member Meetings: This year, we revised the cadence of our PLUGS Member Meetings to occur monthly instead of bi-monthly, because we feel it's important now more than ever to connect with peers, share best practices, and support laboratory stewardship. Member Meetings feature topics suggested and presented by PLUGS members. Slides and recordings are archived on the PLUGS website (<https://www.schplugins.org/members-section/presentations/>) When the pandemic started, we pivoted support to develop additional **COVID-19 related education*** and connect members with innovative solutions from national laboratory experts.

- January 16th: **Why free testing isn't free**
- March 19th: **COVID-19 Update***
- April 2nd: **The Covid-19 Pandemic: Testing for The Virus & Addressing Disruptions in Other Kinds of Testing***
- April 16th: **PLUGS Member Perspectives on Challenges & Successes in The Days of The Pandemic***
- May 7th: **Going the Distance: Leading Lab Teams During Covid-19***
- May 21st: **Silver Linings: Creative Approaches to Support Lab Test Coordination During the Pandemic***
- June 18th: **How to say "No"**
- July 16th: **Prior Authorizations for Medications in Pediatric Oncology – Strategies to Support Patients and Clinical Staff & Buckle Up, Buttercup: Riding the COVID-19 Testing Rollercoaster***
- August 20th: **Consolidating Genetic Reference Labs – A Team Approach & Improving Test Utilization During COVID-19***
- September 17th: **Integrating Laboratory Stewardship into a Hospital Quality Program**

Virtual Road Trips: When we were unable to connect in person, we began virtual road trips to gather members regionally to discuss laboratory stewardship successes & challenges. Watch for updates for a road trip to your area!

- May 28th: **Texas Members** (Children's Dallas, Cook Children's, Texas Children's, Dell Children's, San Antonio Children's)
- July 23rd: **Southeastern Children's Hospitals** (CHOA, Le Bonheur, East Tennessee Children's & St. Jude's)

National Webinar Series: The PLUGS National Webinar Series features laboratory stewardship experts presenting on an array of laboratory- and management-related topics. Webinars are archived on the PLUGS website and access is **free** for PLUGS members! <https://www.schplugins.org/members-section/presentations/>

- **Truths and Falshoods of New Clinical Lab Technology: What do Theranos and Successful Inventions have in Common?**
- **LabTalk: Covid-19: Laboratory Testing, Laboratory Experiences***
- **Lessons Learned from COVID19 regarding Digital Health Resources – Considerations for Genetics and Beyond***
- **Silver Linings: Creative approaches to support lab test coordination during the pandemic***
- **ANA Testing: Polishing the Gold Standard of IFA with Standardization**
- **GeneTestAdvisor – Expert test review that delivers your best results for patient care and healthcare savings**
